

Workshop Unlocking Value Through Sustainability

Date: 30 October 2025
Location: Rosarium, Amstelpark 1, Europaboulevard, 1083 HZ Amsterdam
By: Holtara

13:00 Welcome & Introduction

13:10 Sustainability at a Crossroad

- Goals of the day
- Topic introduction
- The shifting landscape: From compliance to value creation

13:45 Setting the Scene: Global ESG Developments

- Overview of global shifts in ESG and sustainability (EU & US)
- Light-touch update on reporting: CSRD/Omnibus implications and GP – LP reporting expectations
- Voluntary vs mandatory: no-regrets sustainability practices and ambitions
- Geopolitics and public sentiment: how global events are reshaping ESG priorities

14:30 Break

14:45 Sustainability as a Strategic Driver of Value

- How sustainability drives value: real business cases
- Practical ways to identify material risks & opportunities
- Making results visible: what to measure and how to communicate

15:45 Interactive Case Discussions

- Real-life examples of sustainability strategies that worked — and lessons from those that didn't (sustainability-driven exit / SLL examples at fund or PortCo level)
- Securing deal team & management buy-in: challenges and practical approaches
- Peer exchange: embedding sustainability in practice

16:45 Wrap-up

- Key takeaways
- How to stay ahead in the sustainability journey
- Closing remarks
